
Firmware Upgrade Hg8245

[Download](#)

Download

Nov 14, 2019 I have Huawei hg8245 series ONT. When I click on device firmware, I see only HG8310 and HG8305. HG8245 is not there in this list. I have also taken manual download option from the browser but HG8245 is not listed in this. Please help. Check in your browser if the firmware is available for download. Update your firmware on a Huawei huawei g10/g9/echo life/hg8245/hg8310/hg8305/hg8320/huawei g555/huawei g300 via Firmware Over The Air (FOTA) or if you already have an update available from Huawei OTA App via your mobile or computer. Check if the firmware has been already upgraded on your device. Alternatively, choose the option to download manually the firmware file for your Huawei product. You can also upgrade manually the firmware on your desktop computer. How to download Huawei HG8245 firmware for your device: Open a browser on your PC. Find and open the link for the Huawei HG8245 firmware update. Update Huawei HG8245 firmware for your device via USB cable connection. Note: Procedure: - Power off or disconnect the USB cable connection. - Reboot the Huawei HG8245 (Huawei HG8310, Huawei HG8305, Huawei HG8245, Huawei HG8320, Huawei HG8245 and Huawei HG8320) - Power on or connect the USB cable connection again. - Check the firmware version. - Update the firmware. Device: Huawei HG8245 Huawei HG8245: firmware version 1.1.4 Huawei HG8245: firmware version 1.1.5 Huawei HG8245: firmware version 1.1.6 Huawei HG8245: firmware version 1.1.7 Huawei HG8245: firmware version 1.1.8 Huawei HG8245: firmware version 1.1.9 Huawei HG8245: firmware version 1.1.10 Huawei HG8245: firmware version 1.1.11 Huawei HG8245: firmware version 1.1.12 Huawei HG8245: firmware version 1.1.13 Huawei HG8245: firmware version 1.1.14 Huawei HG8245: firmware version 1.1.15

Aug 10, 2017 0.2.0 - Added command setMute function 0/1 -Mute 1 is mute state. 0.0.1 - Added new version 0.0.1. 0.0.0 - First version.
